Pranay Langhe

React Developer • UI Developer • MERN Developer

📞 9284771780 ✉ pranaylanghe20@gmail.com 🔗 [linkedin](#) 👩‍💻 [Portfolio](#) 📍 Pimpri-Chinchwad, Pune

React Developer with 2.5 years of hands-on experience building web applications using React and modern JavaScript tools, and 3.5 years of overall development experience. Skilled in creating responsive, user-friendly interfaces with experience in collaborating with other teams.

📌 PROFESSIONAL SKILLS

Languages & Markup: JavaScript • TypeScript • HTML • CSS • SQL

Frontend: React • Next.js • Sass • Responsive Design • Webpack

Backend: Node.js • Express.js • REST API

Databases: MongoDB • Oracle Database • SQL

Tools & Platforms: VS Code • Git/GitHub • Postman • Linux • NPM • Vite • Jest

UI/UX & Design: Figma • Adobe XD • UI/UX

💼 WORK EXPERIENCE

React Developer
Inat Technologies

Nov 2023 - Present

- Developed responsive, component-driven applications using React.js within the MERN stack (MongoDB, Express.js, React.js, Node.js) for clients across healthcare, finance, retail, and education sectors.
- Delivered key projects including StyleRack Inventory System, Medilink Hospital Portal, FinServe Loan System, UrbanCart eCommerce Platform, and EduCrafters LMS.
- Built dynamic UIs with features like advanced search, filters, sortable & paginated tables, modals, toast alerts, and interactive Chart.js dashboards.
- Developed complex form workflows, including multi-step forms, custom validation logic, and real-time input handling using React Hook Form, Yup, and native JavaScript techniques.
- Implemented Redux Toolkit and React Query for efficient state and API data management with caching, synchronization, and background updates.
- Integrated RESTful APIs using Axios, built backend services with Node.js and Express.js, and secured routes using JWT authentication and React Router.
- Ensured responsive design and cross-device compatibility using SASS, Bootstrap, Material UI, custom CSS, and Next.js.

Application Consultant
IDC Technologies

April 2023 - Oct 2023

- Developed a Loan Lifecycle Management System (LLMS) for Bank of Maharashtra using React.js, covering loan origination, risk assessment, approval, disbursement, and repayment modules.
- Designed a responsive and user-friendly interface with reusable React components, leveraging Material-UI, Bootstrap, and CSS for an intuitive user experience.
- Implemented secure authentication and authorization on the frontend using JWT, bcrypt, and middleware to protect sensitive banking data and routes.

- Integrated with a Java-based backend using RESTful APIs, handled dynamic data rendering with Axios, and performed API testing using Postman.
- Managed global state with Redux and Context API, set up CI/CD pipelines, version control with Git/GitHub, and ensured code quality with Jest and React Testing Library.

Application Support
Vlax Tech

Dec 2021 - Mar 2023

- Worked on Managed Service Provider (MSP) project for Tryg, a UK-based insurance client, ensuring SLA-driven delivery and 24x7 support.
- Developed and enhanced responsive web designs using HTML and CSS, and implemented change requests for existing functionalities.
- Crafted and optimized complex SQL queries for data retrieval, manipulation, and reporting across MySQL, PostgreSQL, and Oracle databases.
- Collaborated with backend teams to integrate APIs and troubleshoot application issues, ensuring performance and reliability.
- Coordinated with DBAs to resolve database-related problems, contributing to optimal application uptime and performance.

🎓 EDUCATION

Bachelor's Degree In Computer Science (B.TECH) Maharashtra Institute of Technology, Pune CGPA : 8.0/10	*2017 - 2021*
12th board - Maharashtra board (HSC) Percentage - 66%	*2015 - 2017*
10th board - Maharashtra board (SSC) Percentage - 88%	*2005 - 2015*

🎖 COURSES AND CERTIFICATES

- The Complete JavaScript Course: From Zero to Expert! - Taught by Jonas Schmedtmann
- React The Complete Guide (incl. Next.js, Redux) - Taught by Maximilian Schwarzmüller
- Node.js, Express, MongoDB & More: The Complete Bootcamp - Taught by Jonas Schmedtmann
- Google UX Design Professional Certificate - Coursera Google
- Understanding typescript course - Taught by Maximilian Schwarzmüller
- Build Responsive Real-World Websites with HTML and CSS - Taught by Jonas Schmedtmann
